homemakers' chat
FOR USE IN NON-COMMERCIAL BROADCASTS ONLY
U. S. DEPARTMENT OF AGRICULTURE

SPECIAL (To be used during week of July 21, 1941)

Have you given your aluminum yet? The nation needs it for defense purposes. Nothing can take the place of aluminum in making America well defended against aggressor nations. There is a temporary shortage of aluminum; more will be coming out the aluminum producing plants later---but right now---this week, homemakers all over the country are contributing their aluminum pots and pans. The aluminum is being collected and will be sold. All the metal will go into defense--- and the money will be put into a fund to provide fire fighting equipment and other civilian defense needs. So have those aluminum utensils ready when the collecting committee comes around to pick them up.
